From: Inspector General

This report presents the Social Security Administration’s (SSA) portion of the single audit of the State of New Jersey for the Fiscal Year ended June 30, 2014.1 Our objective was to report internal control weaknesses, noncompliance issues, and unallowable costs identified in the single audit to SSA for resolution action.

KPMG, LLP performed the audit. The results of the desk review conducted by the Department of Health and Human Services (HHS) concluded that the audit met Federal requirements. In reporting the results of the single audit, we relied entirely on the internal control and compliance work performed by KPMG, LLP and the reviews performed by HHS. We conducted our review in accordance with the Council of the Inspectors General on Integrity and Efficiency’s Quality Standards for Inspection and Evaluation.

For single audit purposes, the Office of Management and Budget assigns Federal programs a Catalog of Federal Domestic Assistance (CFDA) number. SSA’s Disability Insurance (DI) and Supplemental Security Income (SSI) programs are identified by CFDA number 96. SSA is responsible for resolving single audit findings reported under this CFDA number.

The New Jersey Disability Determination Services (DDS) performs disability determinations under SSA’s DI and SSI programs in accordance with Federal regulations. The DDS is reimbursed for 100 percent of allowable costs. The Department of Labor and Workforce Development (LWD) is the New Jersey DDS’ parent agency.
