**Subject:** Single Audit of the State of Idaho for the Fiscal Year Ended June 30, 2015 (A-77-16-00005)

This report presents the Social Security Administration's (SSA) portion of the single audit of the State of Idaho for the fiscal year ended June 30, 2015.<sup>1</sup> Our objective was to report internal control weaknesses, noncompliance issues, and unallowable costs identified in the single audit to SSA for resolution action.

The Idaho Legislative Services Office conducted the audit. The Department of Health and Human Services' desk review concluded that the audit met Federal requirements. In reporting the results of the single audit, we relied entirely on the internal control and compliance work performed by the Idaho Legislative Services Office and Department of Health and Human Services. We conducted our review in accordance with the Council of the Inspectors General on Integrity and Efficiency's *Quality Standards for Inspection and Evaluation*.

For single audit purposes, the Office of Management and Budget assigns Federal programs a Catalog of Federal Domestic Assistance (CFDA) number. SSA's Disability Insurance and Supplemental Security Income programs are identified by CFDA number 96. SSA is responsible for resolving single audit findings reported under this CFDA number.

The Idaho Disability Determination Services (DDS) performs disability determinations under SSA's Disability Insurance and Supplemental Security Income programs in accordance with Federal regulations. The DDS is reimbursed for 100 percent of allowable costs. The Idaho Department of Labor (DOL) is the Idaho DDS' parent agency.

<sup>1</sup> State of Idaho *Single Audit Report for the Fiscal Year Ended June 30, 2015*, (March 31, 2016).

The single audit reported the Idaho DOL did not have procedures in place to verify that license verifications and reviews of the Department of Health and Human Services' Office of the Inspector General's List of Excluded Individuals and Entities (LEIE) for consultative examination (CE) providers' were properly conducted.<sup>2</sup> The corrective action plan indicated procedures were implemented that require a secondary review of the license and LEIE verifications.

We recommend that SSA verify the DOL established appropriate procedures for license and LEIE verifications.
